Project Name	Unleashing The Potential Of Our Youth: A Student Performance Analysis
Maximum Marks	4 Marks

Project Description:

A country's growth is strongly measured by the quality of its education system. Education sector, across the globe has witnessed sea change in its functioning. Today it is recognized as an industry and like any other industry it is facing challenges, the major challenges of higher education being decrease in students' success rate and their leaving a course without completion. Analysing student work is an essential part of teaching. Teachers assign, collect and examine student work all the time to assess student learning and to revise and improve teaching. Ongoing assessment of student learning allows teachers to engage in continuous quality improvement of their courses. Many factors can influence a student's performance, including the influence of the parents' educational background, test preparation and so on.

Empathy map

Empathy and ideation are essential when addressing the issue of students discontinuing courses. It's important to understand their motivations and challenges before generating solutions to prevent dropouts. Here's a process that combines empathy and ideation
